INFORMATION STATION

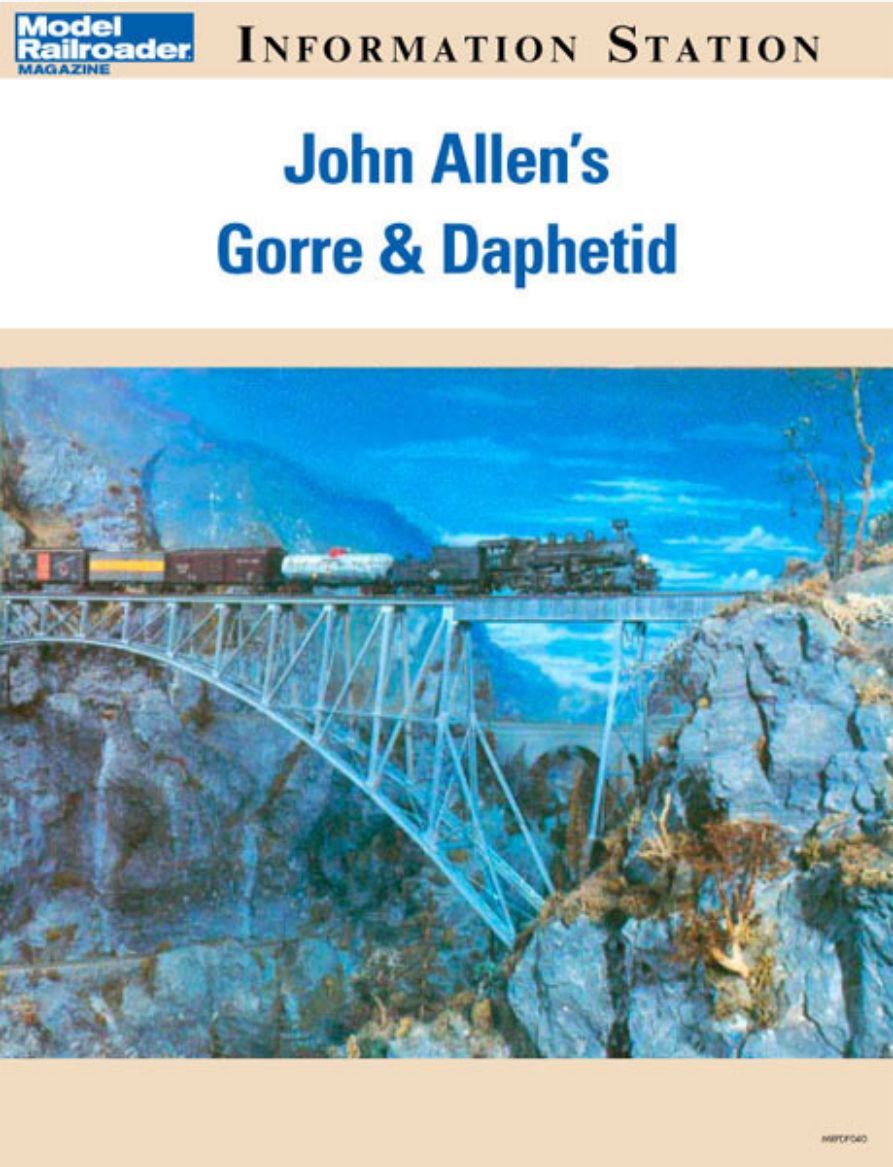

John Allen's Timesaver

A black and white photograph showing a person's hands working on a model railroad switching puzzle, which is a complex arrangement of tracks and switches.

Learn about John Allen's famous switching puzzle

The Wizard of Monterey invented the switching game to occupy operators between sessions at his Gorre & Daphetid RR. This PDF package includes the original Timesaver article written by John Allen in November 1972, and other articles about playing the game and incorporating it into a model railroad.
